PRETRIAL ORDER NO. 308

AND NOW, TO WIT, this 29th day of September, 1998, as discussed at the status conference held September 23, 1998, IT IS ORDERED that Pretrial Order 173, requiring the posting of certain documents on the court's MDL 1203 website at "<http://www.fenphen.cilp.org>", shall be modified as follows.

Pretrial Order 173 requires parties to upload to the Internet all filed documents that "relate to 100 or more individual MDL No. 1203 civil actions." Henceforth, parties shall, in addition, also upload to the Internet the following documents, other than those filed under seal:

- (1) all motions, responses or other filed documents related to the Interneuron class certification motion, including those already filed;
- (2) all motions, responses or other filed documents related to any other motion for class certification, including those already filed; and
- (3) any motion, response or other document filed after the date of this Order, which a party wishes to voluntarily submit for posting on the Internet site. In particular, parties are encouraged to

submit those motions which address issues with MDL 1203-wide implications. The posting of documents that parties wish to submit voluntarily is subject to the discretion of the Center for Information Law and Policy.

All uploads shall be undertaken according to the procedures specified in Pretrial Order 173. With respect to documents that fall into categories 1 and 2 that have already been filed, filing parties shall have fourteen (14) days from the date of this Order to forward the documents to the PMC and/or DWC, as described in Pretrial Order 173.
